

The Hornet Swim Club board has approved a proration policy for the summer as we did last year. We will offer half credit on registration fees for anyone who will be out of town for 4 or more consecutive weeks of the summer session. Here are the details:

- You must pay the entire registration fee for the summer, and at the end of the summer we will credit half the summer registration fee toward future registration for swim sessions
- To qualify, you must provide an itinerary to the board by the end of the first week of summer session (June 6) showing your travel plans confirming that your swimmer will be away from the Chicago area for at least 4 consecutive weeks - No additional credit will be offered if gone more than 4 weeks
- You will not receive any credit on the concession fee or any other fee charged. Half credit applies only to the summer registration fee. Credit will be reduced as appropriate if multiple swimmer discount applies to the family
- Under no circumstances will a refund check be issued, nor can the credit be used to offset meet entry fees or any other fees. It is a credit toward registration fees only for the fall session. It must be used for the fall session, or the credit will be forfeited.

This policy applies only to previously registered swimmers. No new swimmers will qualify for this credit. It applies to summer session only.

Please note that this policy may be changed or eliminated in future summers.
